

You are invited to attend:  
THE GAME OF LOGGING'S

## Small-scale Yarding Course

This training program is for woodland owners and workers who want to extract trees from their property safely and without the use of expensive professional logging equipment. With the use of small equipment such as ATV's and tractors, arches, winches and block-n-tackle, logs can be extracted in a low impact manner with minimal damage to residual trees, understory vegetation and soils.

**Sponsored by:**

The program focuses on choosing the right equipment and how to use it safely. The Game of Logging instructor, and other experienced operators, will demonstrate the use of the equipment and how to set up a small-scale, low-impact logging project.

Using the tools and the techniques offered in this program, woodland owners and workers will have the confidence and knowledge to safely and efficiently work in the woods.

For any landowner who is considering buying their own small-scale logging equipment, this training course is a must!

For more information on the Game of Logging training course:  
[www.gameoflogging.com](http://www.gameoflogging.com)

### Topics Covered:

- Small equipment 101
- Designing a timber harvest for optimal yarding
- Laying out forest roads & skid trails
- Skidding techniques & strategy
- Identifying & laying out landings
- Minimizing impacts to residual leave trees
- Minimizing impacts to soils

### DATES:

\*Directions will be sent to all registrants

Sept. 24th: Oakville, WA

Sept. 28th: Vancouver, WA

**COST:** \$75 (\$55 for NCF members).

**MORE INFO:** Contact Kirk Hanson at 360-316-9317 or [kirk@nnrg.org](mailto:kirk@nnrg.org)

**REGISTRATION:** Pre-registration is required as space is limited.

**WHAT TO BRING:** Sawing gear and protective clothing, lunch, camera, notebook, water bottle, snacks, directions, and the desire to learn! Sawing gear will be provided for those who do not have their own.

**Northwest Certified Forestry** is a non-profit membership and services program developed by the Northwest Natural Resource Group to assist small forest landowners with optimizing the economic and ecological potential of their forestlands. Visit [www.nnrg.org](http://www.nnrg.org) for more information.

## Instructor Profile:

### ***Instructor: Ken Lallemond - Timber Resources***

As a certified Safety Trainer, Ken has been training groups and individuals in chainsaw safety and precision felling since 1992. Along the way, he was privileged to work with and receive training from Soren Eriksson, who established an internationally known safety training program 'Game of Logging'.

Currently Ken works with loggers, landowners, arborists, college students, city groups, emergency medical technicians, power companies and other chainsaw users to improve their skills, knowledge of tools, and understanding of tree felling dynamics. He adjusts each program to meet the needs and experience levels of individuals and companies.

For more information on Ken's experience and details on the Game of Logging training series, please see [www.ken-lallemond.com](http://www.ken-lallemond.com).
